Managing Partner & Founder

Introduction

Hitesh is the firm's founder. With more than 30 years of distinguished practice across multiple sectors, he has established himself as a preeminent figure in India's legal community. His comprehensive knowledge and strategic approach have made him a valued advisor to both domestic corporations and international clients.

Hitesh's prudent insights and multi-disciplinary abilities have proven invaluable in both courtroom disputes and corporate advisory roles, making him a sought-after attorney. He counsels diverse major corporate groups and multinational corporations across multiple industries, including manufacturing, real estate, pharmaceuticals, entertainment, retail, infrastructure and technology. Hitesh also routinely represents and advises several regulatory agencies and financial institutions.

He has represented corporate and pharmaceutical conglomerates before arbitration tribunals in India and before the London Court of International Arbitration, Singapore International Arbitration Centre and the ICC International Court of Arbitration. Hitesh has also advised and served as arguing counsel in complex commercial, corporate and anti-trust litigations before foreign courts in the United States and United Kingdom, the Supreme Court of India, High courts of India and Tribunals. He has significant expertise in media, entertainment and intellectual property disputes and has advised production houses, directors and artistes in both corporate and dispute resolution matters.

He continues to build on his robust experience in white collar crimes, having acted as attorney and sole advisor on several landmark investigations involving high-profile individuals. This solid track record has resulted in Parinam's formidable criminal litigation practice.

Hitesh has diverse experience in corporate advisory, including cross-border M&A and complex private equity transactions advising Indian and international companies in both India and abroad. He also has rich experience in real estate transactions and planning, RERA advisory, FDI advisory and corporate finance structuring, having advised REITs, large-scale corporates, leading developers and investment funds.

Hitesh was also closely involved in advising the Ministry of Electronics and Information Technology on the landmark Digital Personal Data Protection Act 2023. He is a member of the Advisory Group on AI governance and the Sub-Committee on 'AI Governance and Guidelines Development' formed by the Government of India. He routinely advises clients on public policy and regulatory issues in several sectors, including technology, media, emerging technologies, telecommunications, data privacy and protection and online gaming.

Hitesh regularly contributes to prestigious Indian newspapers and publications through educative articles and opinion pieces. He also frequently delivers lectures and participates in panels addressing complex legal matters across various forums.
